6) Logbook

Review Logbook

Supervisors comments

Total cases 237 (117 immediate supervision, 35 local supervision, 85 solo)

Good mix of specialities, and elective/emergency work

ENT/Dental 36

General/Gynaecurology - 52

Obstetrics -100

Ortho/Trauma 30

Ben has undertaken a good mix of both general and regional anaesthetics, using different techniques, and has experience of managing solo lists with confidence.

View Curriculum Progress

Supervisors comments

Ben has made good progress with the curriculum this year, despite the difficulties thrown up by the covid pandemic.

Comments show that he is competent, confident, highly skilled, and has communicates well with the theatre team. He always maintains a calm exterior .

10) Multisource Feedback - Completed

Title	Date Opened	Date Closed	Number of responses
Ages ST3 MSF (CQ)	14 January 2021	17 January 2021	-

Supervisors comments

Really positive MSF. Comments include that he is a great team player, he is calm, confident and very reliable.

He has progressed from core to specialty training with apparent ease.

Return to top

11) Consultant source feedback

Title	Start Date	End Date

Supervisors comments

Ben has had an excellent first year of specialty training. He is a valued member of the department, and has made a significant contribution, through QI and his clinical skills. We would love to see Ben return to ESHT in teh future.

He is taking his oral exam for the final FRCA tomorrow, which he has prepared for thoroughly, best of luck!

Supervisors comments

Nil of concern

Return to top

16) Comments

Learner's Comments

COVID 19 Pandemic:

- Major impact of the pandemic on the number and variation of cases
- Significant increase in Intensive Care work and Obstetrics
- Decreased number of elective cases
- Learned how to manage infectious diseases, ARDS, multiple co-morbidities

Great support from consultant colleagues in providing teaching in theatre, on ICU and in tutorials with a focus on exam preparedness. I took paternity leave after the birth of my daughter in November. I passed the Final MCQ and am due to take the Final SOE tomorrow (June 17th). The teaching quality has been very high especially since the pandemic retreated in Feb 2021.

Supervisors comments

Ben has had an excellent first year of specialty training. He is a valued member of the department, and has made a significant contribution, through QI and his clinical skills. We would love to see Ben return to ESHT in the future.

He is taking his oral exam for the final FRCA tomorrow, which he has prepared for thoroughly, best of luck!

College Tutor comments - Christopher Scanlan

Ben has become a well liked and valued member of our department.

He is always friendly and approachable. He a sound knowledge base and good clinical acumen.

He worked extremely hard during the pandemic surge and I would like to take this opportunity to thank him for all his effort and support during this difficult time.

I wish him well in his future training. I hope that he would consider a consultant job in ESHT in the future.
